

Community Infrastructure Fund Update October 2009

This newsletter, to be distributed monthly, will keep all partners informed of the progress being made by Newcastle City Council to link the St. Peter's Area of Newcastle with Walker Road via a bus and cycle only link. The working title for the link is Eleanor Lane.

Initial detailed layout -

What we did in October

- We advertised two drop in events (28th October and 4th November) which are designed to allow residents to look at an initial detailed design and comment on it.
- Officers also attended some resident association meetings and the plans were displayed as part of the Weekend of Action the 17th and 18th of October.
- The comments received will be used to refine the design further.

- We began to organise a final drop-in session for residents in December 2009.

Revised Timetable of Works

Activity	Date
Public consultation	September – October 2009
Detailed Design works	September – December 2009
Public consultation on detailed design	November – January 2010
Amendments to detailed design	January 2010
Contractor procurement	February 2010
Site works commence	April 2010
Completion of link	October 2010

NOTE: Detailed design works have been extended to allow time for comments to be received

Public Engagement

We are displaying information about the scheme at the Ouseburn Regeneration Centre, Walker Library and online at: www.walker-riverside.co.uk/project_news.html and www.newcastle.gov.uk/stpeterslink

An initial detailed design is also on display, and there is the opportunity to comment.

What will happen in November?

Officers will be attending Byker and Walker ward committee meetings on the 17th and 18th of November with the initial detailed design.

The final drop-in event in December will be advertised to properties in the area surrounding the site.

We look forward to working with you to successfully deliver this scheme
